- Drama experiences through school plays and musicals
- Hot Lunch Program
- Involved families in a friendly atmosphere

A Quality Education with Christ at the Center

Good schools provide a safe and welcoming learning environment; high academic expectations with quality, student-centered instruction; a variety of co-curricular activities to help children develop skills outside of the core curriculum; and a partnership with parents to instill strong values for life. We know that parents want a school that will provide the very best for their children, so at Our Savior's we strive to provide all of these with Christ at the center.

Safe Learning Environment

Our teachers and staff daily ensure that our children are learning in a safe and welcoming school. While every school is striving for that, we promise something more. Each day, throughout the day, the children are led to know and trust their Savior, Jesus Christ, who watches over them and has safeguarded an eternity for them in heaven.

High Quality Education

We strive to offer the highest quality education and meet the educational needs of each child in our school, but it is not just excellent academics that make our curriculum and instruction so special. Our dedication to a Christ-centered education is what sets us apart. God's Word is found in more than just our daily classroom devotions and weekly chapel services. It is the thread that ties together every aspect of what we do at Our Savior's. It is found in all of our teachers' lessons and even in the way they carry out discipline. As we help our students grow in their relationship with their Savior and in faithfully using *all* their gifts in service to Him, we want them to understand that their faith is not just part of their lives; it defines who they are and how they will live their lives as disciples of Christ.

Opportunities to Grow

We provide our students with a variety of opportunities to develop their individual talents, but faithful Christian coaches and instructors are what make our co-curricular programs so uniquely different. They share their faith and instill Christian values as they work with the children to develop all of their God-given gifts to be used to his glory.

Special Partnership

Building strong relationships with both parents and students is essential for student success. Our teachers know each of their students and their families, and they communicate regularly with parents. We understand that parents have the primary responsibility in the spiritual training of their children and seek to help them prepare their children for this life and for eternity. As we carry out our mission of assisting parents in training their children to grow as Christ's disciples, we do so with the unique bond of faith. As brothers and sisters in Christ, we truly are a family at Our Savior's. Together we are devoted to sharing the Gospel of Jesus with the next generation. We hope that you will partner with us in sharing the precious message of our Savior with the next generation of your family.

Our Savior's is a member of the Wisconsin Evangelical Lutheran Synod, a group of nearly 1,300 congregations who are united by a common faith in Christ's saving love, and committed to a common calling—encouraging each other in our faith and sharing God's gift of a Savior with the rest of the world.
